

Computer Lessons for Beginners

It's never too late to learn, we've helped people from 12 to 87 to join the online world.

Choose from the lessons below

1. Using the internet
2. Setting up and using emails
3. Shopping on line
4. Buying and selling on eBay
5. Talking to relatives for free using Skype
6. iPods & MP3 players
7. Using MS Office or MS Works
8. Internet banking
9. Understanding social media
10. Downloading & editing photos from your Phone or Camera

The benefits of Private Computer Tuition are:

1. You can choose to learn in the comfort of your own home or in our training room
2. You get full confidentiality
3. You choose what you learn, either from our choice of courses or mix and match from the list
4. Work at your own pace, nobody to try to keep up with (or leave behind)
5. You can book a timeslot to meet your needs
6. You can learn on your own computer and on the version of the software that you own
7. You are free to ask as many questions as you need to.
8. You will be awarded a DevonWeb certificate of Computer competence.

Don't see the lesson you want contact us.

Once you have made your decision, call us and arrange an appointment for your first lesson, it really is that simple. 07979743415
